

N.F. Sheldon, Inc.
Harley-Davidson and Buell

914 Southbridge Street, Auburn, MA 01501 508-721-9876

Having been a Harley–Davidson dealer since 1920, Sheldon’s has had the opportunity to try a lot of motorcycle care products, none of which did all that they claimed to do except for Britemax.

We recently sold a high dollar (\$26,000.00) Harley-Davidson that was being delivered to its new home bright and early on a Saturday morning. The night before, during a final detail, our guy noticed a severe blemish on the fuel tank that had gone unnoticed until then. To avoid the need to order a \$920.00 fuel tank, which could have taken weeks to arrive, we scrambled for an immediate solution.

We had already fallen in love with Britemax Spray & Shine so we took out the sample pack of the Britemax Paint Care Compounds as a last resort. Much to our surprise and delight, the product did exactly what it claimed to do. Not only did the bike look spectacular, but the finish on the paint was more brilliant than we’ve ever seen.

That morning, we made a lifelong customer (he loved his new bike!) and Britemax made a lifelong customer in Sheldon’s Harley-Davidson. We will use nothing other than Britemax in the future.

Thank you,

Shayne Mathieson
